

# AIM FOR A HIGH SCORE!

Avoid germs and stay safer with Aiphone.

COVID-19 has impacted everyone across the globe. We're all adopting a new "norm" in which we now try to mitigate the risk of germs around our daily routines.

Our new videos illustrate different scenarios where avoiding contact with germs can be a challenge. Learn how you can increase your **security health score** with Aiphone contactless communication solutions.

## HOME LEVEL

Mary is Johnny's mom and is finishing her nursing shift at the clinic...

After a full day of patient appointments, Mary wants to keep dinner simple by ordering pizza.

When pizza arrives, Mary can greet and unlock the entrance from a safe distance using a tenant station or mobile app.

Watch this video to see how Mary improves her security health score throughout her day.
